IF ANY patient fitted by me on previous visits is not perfectly satisfied, I would be pleased to have him call, and any necessary change will be made free of charge.

### Will Get Banner.

Saturday night the Workmen will be presented with a banner valued at \$55, which they have won by large increases in membership. Workmen who came over yesterday from Tucson to help present the banner are Eugene J. Trippel, Gust Haft and J. I. Reilly. The visitors will be given a modest banquet after the presentation exercises.

### Automobile Party.

An automobile party arrived Thursday from Tucson. The party consisted of F. B. Close and wife, James Seiger and Henry Heffner, and they occupied two autos. They left Tucson Wednesday morning and came as far as the Empire ranch. Yesterday they finished their journey, arriving in Bisbee at seven o'clock in the evening, coming by the way of Fairbanks. They are stopping at the Copper Queen Hotel.

### Can't Be Helped.

Visitors are making a complaint that the restaurants are charging too much for meals. The raise in prices is due entirely to conditions over which the restaurant owners have no control. All of the help has demanded more wages or threaten to strike. The employers have been forced to meet their demand. The New England Kitchen alone is paying its help \$70 more a day than they would under the old scale of wages.

### Saved His Life.

The snake charmer who does business adjoining the wild man Zambesi misjudged a bad snake last night and but for the prompt arrival of night Officer Thomas, there would have been one less attraction on the midway. The snake charmer advertised to bite a snake into two pieces just back of the ears. At the performance last evening the snake's head became lodged in the throat of the performer and for a time it looked as if the undertaker's services would be needed. Charlie Thomas finally fished out the snake's head with a piece of baling wire and the show proceeded as usual.

### Informal Reunion.

Yesterday Governor Brodie made it known that he would be pleased to meet all the members of the Arizona Rough Riders at the Copper Queen. He communicated his desire to Postmaster McCabe and he hastily summoned the Rough Rider boys and at 3 o'clock they all went to the hotel, where they were received most heartily by Governor Brodie. An informal talk was made by Governor Brodie, who evinced the keenest interest in the welfare of all present and inquired particularly about the occupation and progress of each one. Those who met the governor were Captain George B. Wilcox, now clerk of the district court and living in Tombstone, Lieutenant Tom Reining, of Douglas; Seabert Henderson of Globe; John Foster, John Mullen and George J. McCabe.

### Prominent El Pasoan.

Among those who came on the excursion from El Paso was Capt. Juan S. Hart, the veteran newspaper man of the southwest. Capt. Hart has for years owned the El Paso Times, but for several years has had it leased out, while he gives his attention to mining, being interested at times in several important enterprises. He went to Cuba as a captain in the Spanish-American war and after the fighting was over performed valuable service for the government at Havana in the early establishment of American authority in that city. Captain Hart has witnessed several drilling contests in the past and was glad that he came yesterday. Mr. Hart has done a great work for El Paso in attracting attention to its favorable location for an important city, through his newspaper and by his personal energy and never-failing confidence in his home town.
